

Food Fruits

12.31.2024

Version 1.0

Neko Legends
<http://nekolegends.com>

Overview

🎮 Check out the [live web demo here.](#)

🎁 This package is currently included in the [Neko Legends - All 3D & VFX](#)

📦 The demo scenes will not work unless the free [Shared Assets Demo](#) dependency is installed.

✨ The materials in the demo will be pink unless [Neko Legends - Cel Shader](#) is installed.

Hand-Painted Watercolor Pack Features

- **15+ Unique Fruit Models:** Includes , lemon, peach, strawberry, pineapple, grapes (low and medium quality variation), cherry, peach (with and without leaf), orange, mango (raw and ripe), lemon (with and without leaf), apple, and banana
- **Detailed Hand-Painted Textures:** Each model is lovingly painted in watercolor style, providing a unique and charming aesthetic.
- **Stylized Design:** Perfect for games with a stylized or cartoonish art direction, adding a playful and vibrant element to your scenes.

More will be added in the future when my game requires it.

Tested on **Unity 2021.3.34f1** , **Unity 2022.3.27f1**, and **Unity 6**.
